

## City of London School for Girls, Barbican

The entrance to the school is at street level via the pedestrian precinct at the junction of Fore Street and Wood Street. Nearest tube stations are usually **Moorgate**, **Barbican** and **St Paul's**. However, as always seems to be our lot, Moorgate and Barbican stations will be closed on the Saturday 17 September for the rehearsal at this venue; similarly the District Line out of Wimbledon. Please plan and take alternative routes. Where **Fore Street** meets **Wood Street**, go through the bollards into the pedestrianised **St Giles' Terrace**. St Giles' church is on the left, the school ahead of you **(A)**.

# City Temple, Holborn Viaduct

City Temple (**A**) is located on Holborn Viaduct. The nearest tube stations are **Chancery Lane** (Central line) and **Farringdon** (Circle, District, Hammersmith & City) although it is very likely Farringdon will be closed on Saturday 15<sup>th</sup> October. There are also many bus routes that stop close to the venue. The northern exit for the **City Thameslink** station is also on Holborn Viaduct, close to City Temple. If you take the southern exit in error then you'll come out near St Paul's Cathedral. The station is normally open Monday-Saturday but current development works mean it is closed on Saturdays. When exiting onto Holborn Viaduct from this station turn left towards Chancery Lane. The advice is to use the Underground but be aware that the District Line out of Wimbledon will likely be closed on Saturday 15<sup>th</sup> October. There is some parking around Smithfield Market just to the north of Holborn Viaduct but very little.
